## West Preparatory Academy

### Vision Statement

West Preparatory Academy is a place of learning where students are challenged and empowered to reach their full potential academically, socially, and emotionally. Through a process of integrating technology into a rigorous literature-based curriculum, and promoting positive behaviors in a small school setting, we lay the foundation for the future success of students.

### Sponsor Statement

St. Aloysius, as the sponsor of this school, is legally mandated to provide oversight, monitoring, and technical assistance. As part of the monitoring process, the performance of the school on each of the required Ohio School Report Card components is assessed and evaluated. Additionally, St. Aloysius has a regular presence at school board meetings where student performance indicators such as attendance, behavior, and academic achievement are tracked and financial and organizational issues that impact student success are reviewed and discussed. Keys to oversight, monitoring, and support is St. Aloysius's review of the school's Ohio Improvement Process (OIP) plan development and implementation. As a result of our thorough oversight and monitoring, St. Aloysius has determined that this school is substantially compliant with the rules and regulations governing community schools.

All community school sponsors are required to submit a written report of the evaluation results of the school's academic (State prescribed academic data not available for SY2020), financial and organizational performance, as well as the school's legal compliance, to the Ohio Department of Education. This report must be made available to parents of students enrolled in the community school by November 30th of each year (OAC 3301-102-05 (A) (3)). An Annual Report regarding the performance of this school and other schools under the sponsorship of St. Aloysius will be posted on our website [www.charterschoolspec.com](http://www.charterschoolspec.com) no later than November 30, 2020. Parents are urged to review this report, in addition to other monitoring and evaluation reports available through the school or the sponsor for a full understanding of the school's performance.

## Mission Statement

Our mission it to provide quality rigorous instruction incorporating technology, in a safe, disciplined, nurturing environment in collaboration with families and the community.

### School Overview

Districts and schools report information for the Ohio School Report Cards on specific marks of performance, called measures, within broad categories called components. They receive grades for up to 10 measures and six components. The 2019-2020 report card will not have grades or ratings. Limited data is available due to the coronavirus pandemic and ordered school-building closure.

#### Achievement

This component represents whether student performance on state tests met established thresholds and how well students performed on tests overall. The data for this component is not available this year.

Component Grade

#### Progress

This component looks closely at the growth all students are making based on their past performances. The data for this component is not available this year.

Component Grade

#### Gap Closing

This component shows how well schools are improving or meeting the performance expectations for all students in English language arts, math, graduation and English language proficiency. The data for this component is not available this year.

Component Grade

#### Graduation Rate

The Graduation Rate component looks at the percent of students who are successfully finishing high school with a diploma in four or five years. The graduation rates are available, and data was not impacted for the reporting years; however, the combined component will not be calculated.
